JourneyEd.com, Inc. is the leading multi-channel technology marketer and reseller to the K-12 and post-secondary academic markets, which includes millions of students, faculty, staff, educational institutions and districts nationwide.

Our mission to advance education through technology is accomplished by combining an array of high quality partner relationships and an experienced team of employees to deliver unique solutions.

Students with access to the best academic tools have the advantage. That's why we offer students, educators and other members of the educational community software and related technology items at significantly discounted prices.

“ Our goal is to connect students, educators and schools nationwide with world-class technology. ”

VOLUME LICENSING

The ever-changing licensing landscape is challenging for the most sophisticated IT buyer. Cloud computing, SAAS and maintenance plans are contributing to complex pricing models. Let JourneyEd simplify it for you.

JourneyEd is a leader in the education market and has become an important part of Adobe's overall strategy in the education channel. They have become one of our go-to Education Inst. partners to communicate new programs to our channel customers. JourneyEd consistently delivers on well planned and executed programs with consistent results. We can count on JourneyEd for accurate reports, follow up strategy and claims.

~ Jean Fritz, Adobe Public Sector & Education Channel Partner Manager

Wacom strives to create harmony between people and technology so partnering with JourneyEd.com has been a natural fit! Together we have created a wide variety of marketing vehicles to offer Wacom technology to schools, universities and consumers for over 10 years. JourneyEd is seen as the leader in the education space and the key partner for technology manufacturers to support with advertising and promotional funding.
